General Pump TP2530J34

Triplex Pump, 3/4" Shaft, 3100 PSI, 3.1 GPM

Item Number: PA-P85139020SPB

The GP TP2530 Pump Assembly is a robust triplex direct-drive gas pump designed to deliver consistent cleaning power and long-term durability. Capable of producing up to 3,100 PSI at 3.1 GPM, this pump is an excellent replacement or upgrade for gas-powered pressure washers used in residential, agricultural, and light commercial applications. Built by General Pump (GP), a trusted name in pressure washer technology, the TP2530J34 combines ceramic plungers, a brass manifold, and an external unloader into a pump engineered for efficiency and long-lasting service. Backed by a 5-year warranty, this pump is built to handle tough cleaning jobs with confidence.
