24' Telescoping Wand

Item Number: PA-P85206424L

The 24-Foot Telescoping Pressure Washer Wand is a versatile and heavy-duty extension wand designed for cleaning hard-to-reach areas with ease. Extending up to 18 feet, it allows users to clean high surfaces such as second-story siding, gutters, roofs, and windows without the need for ladders. Made from durable, lightweight materials for better control, it features a comfortable grip and a secure locking mechanism for adjustable length. Compatible with most pressure washers, this telescoping wand is an essential tool for both homeowners and professionals looking to tackle high and difficult cleaning tasks safely and efficiently.
