24" Whirl-A-Way

Item Number: PA-P85403010

The Whirl-A-Way 24" Stainless Steel Surface Cleaner is a professional-grade pressure washer attachment designed for fast, efficient, and mess-free cleaning of large flat surfaces. Its durable stainless steel construction ensures long-lasting performance, while the 24-inch diameter allows for greater coverage, reducing cleaning time. Equipped with rotating spray arms, it effectively removes dirt, grime, and stains from driveways, sidewalks, patios, and other hard surfaces. The built-in casters provide smooth maneuverability, reducing fatigue during extended use. The enclosed design helps contain overspray and debris, making it an ideal tool for both residential and commercial applications.
