Patron SC-CT08

8" x 8' Ceiling Tile & Duct Kit (SC-100)

Item Number: PA-SCCT08

The Ceiling Tile & Duct Kit allows exhaust air to be cleanly vented through a standard drop ceiling, keeping conditioned spaces comfortable and uncluttered. Designed for quick installation, it provides a secure, professional connection between the unit and ceiling plenum. Ideal for offices, retail, and temporary installations where overhead exhaust routing is preferred.
