L.B. White Premier 170DF

Dual Fuel Heater, Direct-Fired, 170,000 BTU/Hr

Item Number: LB-PREMIER170DF

L.B. White's Premier series of enclosed flame, ductable, direct-fired heaters are perfect for small, hard to reach areas, as well as large construction applications. Premier heaters produce extremely clean, dry heat despite being a direct-fired heater. Although fresh air ventilation is required, these heaters are effectively used for "dry heat" applications such as drywalling with excellent results. All units are shipped ready-to-use and are extremely easy to operate. The compact thermostat provides easy, effective temperature management and the onboard diagnostics make maintenance a breeze.

Features

- Quickly switch between propane (LP) and natural gas (NG)
- Enclosed-flame design promotes safer work environments and adds the ability to duct
- 99% direct-fired fuel efficiency
- Optional "fan-only" mode
- Very quiet while operating
- Fits through standard 36" door frame
- Dependable electronic ignition

- Status lights indicate heating mode stage and quickly aid diagnosis of common issues when troubleshooting
- Tri-Shield steel case
- Thermostat included
- Gas hose and regulator not included
- Certified to ANSI and CSA standards for safety and rated for indoor-outdoor use
- Ducting and diffusers available

Specifications

Fuel Source	Dual Fuel
Heat Output (BTU/Hr)	170,000
Airflow (CFM)	1,200 CFM
Max Fuel Consumption	LP: 7.9 lbs/hr NG: 170 cu ft/hr
Amperage (A)	Starting: 7.3 A Running: 5.0 A
Horsepower	1/3 HP
Sound (Decibels)	70
Duct Size	12"
Max Duct Length	12-ft
Dimensions	32.3" x 24.3" x 32.0"
Weight (LBS)	161 LBS
Certification	CSA
Warranty	2 Years
