

Patron FP60

Forward Plate Compactor, 14", 128 LBS, Honda
Item Number: PC-FP60

The Patron FP60 forward plate is the perfect choice for a crew with limited man-power. It is specially designed for granular soils. This agile machine weighs only 128lbs and can be lifted by hand. The FP60 is ideal for tight areas and is the most economical option for small repair and maintenance work. Applications include asphalt, gravel, sand, and silt.

Features

- Sealed bearings make this unit oil-free, resulting in zero eccentric maintenance
- Includes a removable water tank for asphalt applications
- Lifting hook
- Stowable handle
