

Patron RP504

Reversible Plate Compactor, 27.5", 1,099 LBS, Hatz

Item Number: PC-RP504

The RP504 is the largest plate in its category at 1,100 lbs and features a Hatz Diesel engine. Quality engineering allows this unit to deliver 14,612 ft-lbs of centrifugal force while limiting vibration to the operator. As a result of the RP504's high amplitude and travel speed, it is often remarked for its superior performance in muddy conditions. This model also features the one-touch forward/reverse lever which makes awkward turns more manageable using two hands.

Features

- Electric-start
- One-touch hydraulic forward/reverse lever - no need to constantly push or pull
- Hardox 400 steel bottom plate
- Heavy-duty steel frame
- Lifting hook for easy transportation
- Low vibration, stowable handle
- Optima Battery - Best in class SLA battery
- V-Belt inspection hatch for easy access

- EPA 3-Position Throttle extends clutch life
- Best in class hand-arm vibration

Specifications

Weight (LBS)	1,099 LBS
Plate Width	27.5"
Motor	Hatz 1D90E
Horsepower	12.3 HP
Frequency	4,140 VPM
Centrifugal Force	14,612 FT/LBS
Sound (Decibels)	109 dB(A)
Vibration	2.1 M/S ²
Travel Speed	98.4 FT/MIN
Warranty	2 Year
