

Patron TA55

Rammer, 9", 146 LBS, Honda
Item Number: PC-TA55

The TA55 rammer is equipped with a specialty GXR120 rammer engine designed and manufactured by Honda. The TA55 also features a multifunctional fuel tank with a breather shut-off, electrical shut-off, and throttle control with three fixed positions (Stop/Idle/Run). As a consequence of this specialty engine, the TA55 can be laid down in several positions without risk of oil leakage. It also features a low oil alert, hour meter, and air filter indicator making it ideal for maintenance.

Features

- Sealed, multi-function tank with throttle control
- Air breather system for easy start
- Easy access to all daily service points
- Air filter indicator
- Low Oil Alert
- Efficient shock absorbers
- Lifting hook
- Hour meter
