

# L.B. White 132540

## Unit Diffuser for Premier 40

Item Number: LB-132540

This convenient unit diffuser allows heated air to be distributed inside a tented space when your L.B. White Premier 40 portable heater is outside the space. Connects to heater fast with easy magnetic connection. No duct kit required. Optimal for applications where heater can be right next to the tented space.
