

L.B. White 132544

8" x 12' Heat Duct w/ Magnetic Adapter

Item Number: LB-132544

The L.B. White Distribution Duct Kit for Premier 40 is for the TS040 Premier 40 portable heater. This Ducting kit allows the Premier® portable heater to be used as a ducted heater from outside. When the comfort and safety of your work crew is at stake...you want the leader in portable heating equipment for any commercial, industrial or construction job.

Features

- 12' extendable ducting
- 8" diameter
- Flexible so the heater doesn't need to be inline of the tent port
- Genuine L.B. White part
