
Electric Eel Model C

Drain Cleaner, Electric, Sectional

Item Number: EE-CKR128TRS

The Model C Sectional Drain Cleaner is the best unit available for tougher blockages such as tree roots and for longer runs in main sewer lines. The Model C runs up to 200ft. of 1 1/4" dual cables, with self-feeding action, that are available in 8ft. sections for cleaning 3"-10" diameter lines. The standard 1/2HP motor spins the cable at 500 RPM for maximum cleaning power.

Features

- Model C will clean 3" to 10" lines up to 200' using a rugged 1/2HP Baldor motor
- Kit includes 13 X 8' regular dual cables, spanner wrench, one feeding tool, three initial opening tools, one finishing tool, two heavy-duty tools, and one retrieving tool
- Fold down handle allows for easy transportation, storage and use in crawl spaces
- Heavy duty, fully adjustable safety clutch keeps cable and tool breakage to a minimum and provides overload protection
- Rugged cast aluminum base provides lightweight durability; Ground Fault Circuit Interrupter (GFCI) safety feature comes
- Patented, self-feeding, dual cable requires no manual handling, operates at higher speeds

(500 RPM) than drum machines and cuts through stoppages more effectively standard
