
Milwaukee 49-40-6101

4"-5" Surface Grinding Dust Shroud

Item Number: MI-49406101

The Milwaukee 49-40-6101 Surface Grinding Dust Shroud provides users with a solution for the regulation on respirable crystalline silica dust (29 CFR 1926.1153). The 49-40-6101 is optimized for surface grinding applications with both AC and DC Milwaukee small angle grinders. Attach to the Milwaukee 8960-20 8 Gallon Dust Extractor for a complete Table 1 OSHA Compliant solution.

Features

- OSHA Table 1 Compliant when used with Milwaukee 8 Gallon Dust Extractor (8960-20)
- Quick & Easy Installation: Attach and Go
- High Density Bristles: Provides maximum dust collection and containment
- Clear Front Clip: Allows for clear visibility and control
- Removable Front Clip: For grinding against walls
