4700W Dual Fuel Inverter Generator

Item Number: PA-GI4700ID

Introducing our versatile 4700W dual-fuel inverter generator, designed to offer flexibility and reliability in various scenarios. Whether you're camping, tailgating, preparing for emergencies, or working on construction projects, this generator provides ample power to meet your needs. With the ability to run on either gasoline or propane, it offers versatility and convenience, ensuring uninterrupted power supply even in remote locations or during fuel shortages. Its durable construction, compact design, and quiet operation make it suitable for both recreational and professional use, providing peace of mind and power wherever you go.

Features

- Generates clean power for sensitive electronics
- Electric-start (battery included)
- Can be run off gasoline or propane
- Hose and regulator included
- Integrated CO detection
- Durable engine with automatic low oil shutdown for added protection

- Copper alternator windings for improved efficiency and prolonged lifespan
- Sound-dampening shell with easy-access panels for simplified maintenance
- Weather-protected outlets
- Integrated LED floodlight
- Sub-Zero technology for cold weather starts
- Auto-idle throttle control mode
- Parallel capable
