Patron PHE-20B

2000 PSI Electric Hot Water Pressure Washer, 230V, CP Pump

Item Number: PA-PHE20B

Patron hot water pressure washers stand as heavy-duty units engineered to thrive in the most challenging environments, offering unparalleled cleaning power in harsh conditions. Designed to tackle tough grime and dirt, these washers utilize hot water to effortlessly remove stubborn stains from surfaces, making them ideal for industrial and commercial applications where deep cleaning is essential. With robust construction and advanced technology, Patron hot water pressure washers ensure reliable performance and durability, providing a vital solution for demanding cleaning tasks.

Features

- Belt drive system provides longest pump life possible by lowering its heat, vibration and RPM
- External unloader
- 240V Wayne burner
- Thermostat can heat water up to 89°/193°F

- Heating coil has a stainless steel wrap protecting the heavy duty 1/2" schedule 80 carbon steel cold rolled pipe
- Includes a 3/8" x 50' double-braided hose, spray gun wand assembly, and five spray nozzles
- Powder coated steel frame
- 12” flat free tires with wheel lock
- Integrated lighting hook
- Frame includes mounting brackets for quick installation onto trucks or trailers by removing the wheels

Specifications

Pressure (PSI)	2000
Flow (GPM)	3.5
Motor	Techtop 5HP
Voltage (V)	240V
Amperage (A)	30A
Plug Type	NEMA L6-30P
Cord Length	25 ft
Pump	CP CTB2S *PA-P85120171B*
Pump Style	Triplex
Heat Output (BTU/Hr)	182,000
Tank Size	6 Gal
Burner Type	Wayne (240V)
Nozzle Size	#3.5
Weight (LBS)	366
Warranty	Pump: 5 Years Motor: 2 Years Cart: 2 Years Coil: 3 Years
