

Patron FA-8

8" Axial Fan

Item Number: PA-FA8

The FA-8 is lightweight, durable, and best suited for confined-space applications where maximum airflow is crucial. The shell is corrosion, chemical, and UV resistant and features a built-in carrying handle. Also available is the FDC-825 cannister which connects directly to the fan and provide 25 feet of integrated ducting.

Features

- Durable polyethylene housing
- Built-in carrying handle
- Totally enclosed fan motor
- Polypropylene six blade fan
- Stackable
- On/Off Switch

Specifications

Airflow (CFM)	1,100
Horsepower	1/3 HP
Voltage (V)	115 V
Amperage (A)	2.1 A
RPM	3,450
Inlet/Outlet Size	8"
Weight (LBS)	16
Cord Length	15 ft
Certification	cETLus
Warranty	1 Year
