

Milwaukee 9075-20

3/4" Impact Wrench, Corded

Item Number: MI-907520

Delivers 380 ft-lbs of torque for faster installations. The 3/4" Impact Wrench with Rocker Switch and Friction Ring Socket Retention is designed to maximize your productivity. Its powerful 7.0-amp motor drives a unique impact mechanism that produces high torque and 1750 RPM for installing or loosening bolts in less time. It features a friction ring (hog ring) socket retention system to reduce downtime with frequent accessory changes, and a rocker switch for quick selection of forward or reverse. The ergonomically shaped handle has a soft cushioned grip and provides a well-balanced and controllable feel to this lightweight tool.

Features

- Powerful 7.0-amp motor: Produces 380 ft-lbs of torque and 1750 RPM for maximum productivity
- 3/4" square anvil: More resistant to long term fatigue than a 1/2-in anvil
- AC/DC rocker switch: Enables quick selection of forward and reverse
- Friction ring socket retention system: Reduces downtime on applications involving frequent changing of accessories

- 8-ft. fixed rubber cord: Durable construction for longer tool life
